Product Descriptions

Product 1 (women)

Just like a mouth, but the one that knows how to finish what it starts. BoldEdge sucking vibrator's dual action sucking + licking doesn't fumble where it matters, 'spotting' the good ol' G. Not an accident that it's shaped like earmoans…er…earphones, because why should ears have all the fun? Your pleasure centers deserve their own music. BoldEdge's sucking vibrator feels like tuning into your favorite sensations, again and again, until pleasure bursts forth like Beethoven's crescendo. So what are you waiting for? Evolution made the big O difficult; leave it on us. Because every orga(ni)sm deserves only the best.

Product 2 (Men)

(Experimented with rhymes)

With the TPE softer than skin, it takes you to an impossible delight.

The cleanup doesn't feel like a chore. Just like watching your favorite film, once the climax is done, it leaves you craving for more. Premium lube is there to help because friction is just for fiction, not you, my man, the alpha hardcore.

Get this stroker right now, because if you have to play solo, better do it well. Your pleasure deserves to soar.
